PROFILE

Fresh graduate from Southern New Hampshire University under Kepler program, and certified cybersecurity specialist from Cybint, a global cybersecurity education company, based in Israel. Recently, I completed the Google IT Support Professional Certificate - an eight month IT support program that covers troubleshooting, customer service, networking, operating systems, system administration, and security, and includes hands on labs. I'm passionate about continuously learning in the IT field and supporting people to solve their technical problems.

EDUCATION

Rochester Institute of Technology, USA, 2021

MicroMasters in Cybersecurity

Southern New Hampshire University, Kepler Program, 2020

Bachelor of Art in Communication concentration in Business

Cybersecurity Bootcamp (480 hours), Cybintsolutions, 2020

Accelerated Cybersecurity Bootcamp covering Network Administration, Network Security, Incident Handling, Cyber Forensics, Malware Analysis, Incident Response, Risk Management, Ethical Hacking, and Threat Intelligence.

UPI Programming Bootcamp, Kepler Kiziba, 2019

Self driven Bootcamp that was intended to expose students to learn programming languages such as HTML, CSS, JavaScript, and those skills helped me to create my portfolio.
